

Brief CV

Linda C. Watson R.N., PhD, CON(C)

May 2021

I. BIOGRAPHICAL DATA

Name: Watson, Linda Christine

Address: 32 Sterling Springs Crescent SW
Calgary, AB
T3Z 3J6

Telephone/Email:

Cell (403) 470-7146
Work: (403) 698-8190
Email: lcwatson@ucalgary.ca

Present Rank:

Scientific Director, Applied Research and Patient Experience
Cancer Research and Analytics, CancerControl Alberta
Alberta Health Services

Adjunct Assistant Professor, Faculty of Nursing
University of Calgary

II. ACADEMIC RECORD

Undergraduate Degree: Bachelor of Science in Nursing

Date of Completion: May 1990

Specialty: Nursing

Institution: University of Saskatchewan, Faculty of Nursing, Saskatoon, SK

Graduate Degree: Masters of Nursing

Date of Completion: May 2008

Specialty: Oncology Nursing

Institution: University of Calgary, Faculty of Nursing, Calgary, AB

Final Degree: Doctor of Philosophy in Nursing

Defense completed successfully: April 28, 2014

Convocation: November 10th, 2014

Specialty: Oncology Nursing

Institution: University of Calgary, Faculty of Nursing, Calgary, AB

Licensure: Registered Nurse [RN], College and Association of Registered Nurses of Alberta (CARNA) since 1990

Certifications:

Certified Specialized Oncology Nurse [CON(C)], 2005

PROSCI Certified Change Manager, March 2019

III. EDUCATIONAL ACTIVITIES**i. Curriculum Development:**

2021: Development of an Oncology Certificate program, University of Calgary, Faculty of Nursing

2015: Re-Balancing Clinical conversations: Integrating a person centred approach. E-Learning Module, Alberta Health Services

2012: Supported the implementation and operationalization of Nursing 503.44 – Caring for Patients with Cancer: Exploring the role of the Nurse (Undergraduate Oncology Nursing Elective). Offered for the first time in May-Aug 2012.

2009-2012: Core working group member for the development of a new Undergraduate Oncology Nursing Elective at the Faculty of Nursing, University of Calgary.

ii. Undergraduate Educational Activities at University of Calgary in last five years (2016-2021)

December 2, 2020: Guest Lecture for Nursing 287 (The Science of Health: Communities and Populations). Topic “Using Epidemiology Strategically: Preparing for the future in Cancer Control.”

December 4, 2019: Guest Lecture for Nursing 287 (The Science of Health: Communities and Populations). Topic “Using Epidemiology Strategically: Preparing for the future in Cancer Control.”

December 5, 2018: Guest Lecture for Nursing 287 (The Science of Health: Communities and Populations). Topic “Using Epidemiology Strategically: Preparing for the future in Cancer Control.”

November 20, 2018: Guest Lecture for Nursing 503.44 (Caring for Cancer Patients and their Families: Exploring the Role of the Nurse). Topic “The Supportive Care Framework: Utilizing a Framework to Conceptualize Oncology Nursing Work”.

April 4, 2018: Guest Lecture for Nursing 287 (The Science of Health: Communities and Populations). Topic “Using Epidemiology Strategically: Preparing for the future in Cancer Control.”

November 29th, 2017: Guest Lecture for Nursing 287 (The Science of Health: Communities and Populations). Topic “Using Epidemiology Strategically: Preparing for the future in Cancer Control.”

September 25, 2017: Guest Lecture for Nursing 503.44 (Caring for Cancer Patients and their Families: Exploring the Role of the Nurse). Topic “The Supportive Care Framework: Utilizing a Framework to Conceptualize Oncology Nursing Work”.

April 5, 2017: Guest Lecture for Nursing 287 (The Science of Health: Communities and Populations). Topic “Using Epidemiology Strategically: Preparing for the future in Cancer Control.”

November 30, 2016: Guest Lecture for Nursing 287 (The Science of Health: Communities and Populations). Topic “Using Epidemiology Strategically: Preparing for the future in Cancer Control.”

September 26, 2016: Guest Lecture for Nursing 503.44 (Caring for Cancer Patients and their Families: Exploring the Role of the Nurse). Topic “The Supportive Care Framework: Utilizing a Framework to Conceptualize Oncology Nursing Work”.

May 13, 2016: Guest Lecture for Nursing 503.44 (Caring for Cancer Patients and their Families: Exploring the Role of the Nurse). Topic “The Supportive Care Framework: Utilizing a Framework to Conceptualize Oncology Nursing Work”.

April 6th, 2016: Guest Lecture for Nursing 287 (The Science of Health: Communities and Populations). Topic “Using Epidemiology Strategically: Preparing for the future in Cancer Control.”

iii. Graduate Committee work:

February 2021 – Current: University of Calgary, Graduate Studies, Faculty of Nursing
Graduate Thesis Committee Member, Ambereen Weerahandi

Sept 2020 – Current: University of Calgary, Graduate Studies, Faculty of Nursing
Eyes High Postdoctoral Fellowship co-supervision, Fay Strohschein

September 2015 – September 2017: University of Calgary, Graduate Studies, Faculty of
Nursing, Graduate Thesis Committee Member, Kristina Vimy: Coming Alongside a

Patient throughout their Cancer Journey: A Constructivist Grounded Theory of Cancer Patient Navigation from the Perspective of Registered Nurses in the Navigator Role

May 2015 – University of Calgary, Graduate Studies, Department of Community Health Services Masters Committee, Internal/External Examiner, Oral Defense, Amy Hobbs: Demographic And Clinical Characteristics Of Patients With Oropharyngeal Squamous Cell Carcinoma (opsc) In Alberta, Canada

IV. **FUNDED RESEARCH** in the past 5 years: 2016-2021

Improving Cancer Survivors' Access to Timely Palliative Care: Validating and Building Triggers in the Electronic Medical Record using Real World Evidence (Co-Applicant)

- **\$597,354.24 (5 year funding)** – Canadian Cancer Society Emerging Scholar Award (Survivorship) PI- Ayn Sinnarajah 2021-2026

Development, Implementation and Evaluation of an Innovative Integrated Supportive Care Pathway by Primary Care across Alberta, (Co-Applicant)

- **\$4,800,000.00 (4 year funding)** - SPOR Innovative Clinical Trials Rewarding Success (iCT) grant, co-funded by Canadian Institute for Health Research (CIHR), Alberta Health Services (AHS) and Alberta Innovates (AI) PI: Dr. Sarah Davison 2019-2023

Virtualizing Survivorship: Implementing a more timely and comprehensive model of follow up care (Co-applicant)

- **\$2,491,070 (5 year team grant)** – Canadian Cancer Society – PI Dr. Joseph Cafazzo (2019-2023)

Building Capacity for High Quality Cancer Survivorship Care Closer to Home: A provincial collaboration between Cancer Care Alberta and Alberta's Primary Care Integration and Innovation Network -- Primary Investigator

- **\$477,643** – Canadian Partnership Against Cancer (CPAC), June 2020-June 2022

Improving quality of life for cancer patients in Alberta through comprehensive application of Patient Reported Outcomes (PROs) – Primary Investigator

- **\$2,174,502.00** - Canadian Partnership Against Cancer (CPAC), July 2018-March 2023

Improving Patient Information Recall and Shared Decision Making: Developing and Implementing an Institutionally Sanctioned Audio Recording Application for Cancer Patients in Alberta – Primary Investigator

- **\$55,000** – Alberta Cancer Foundation, April 2017- Dec 2018

Optimizing the Provincial Cancer Patient Navigation program -- Primary Investigator

- **\$4,594,344.95** - Alberta Cancer Foundation (ACF), April 2014-2018

Pan-Canadian Experiences of Cancer Patients in Transition Study, Alberta -- Primary Investigator

- **\$134,153** - Canadian Partnership Against Cancer (CPAC), Sept 2016- March 2017

Building a Provincial Integrated Cancer Survivorship Program in Alberta: Development and Implementation -- Primary Investigator

- **\$979,060.00** - Alberta Cancer Foundation, July 2014-March 2017

Prairie Provinces Patient Experience and Outcomes Project, Primary Investigator and AB provincial lead, Co-Investigators Deb Bulych (SK lead), Jill Taylor Brown (MB lead).

- **\$996,562.50** - Canadian Partnership Against Cancer, January 2014-January 2017

V. INVITED ADDRESS/PRESENTATIONS in past five years (2016-2021)

i. Invited Addresses (Keynote/Presenter)

Examples of PROMS Implementation: An Example from Alberta, Canada (Keynote), Sept 15, 2019, International Meeting for Health System PROMs Users, Brussels, Belgium.

Embedding patient reported outcomes into practice (Keynote), June 21, 2019, Cancer Nursing Society of Australia Annual Congress, Melbourne, Australia

Redesigning care in the context of digital health (Keynote), June 22, 2019, Cancer Nursing Society of Australia Annual Congress, Melbourne, Australia

Putting Patients at the Centre of Health Care: The routine use of patient-reported outcome measures (PROMs) in the Healthcare system, May 30, 2019, Canadian Association of Health Services Research (CAHSR) Annual Conference, Halifax, Canada

Measuring what Matters: Integrating Patient-Reported Outcome Measures (PROMs) into Clinical Practice, CIHR SPOR Patient Orientated Research Collaboration grant team meeting, Toronto, ON, Dec 12, 2018.

Patient Reported Outcomes (PROs) Across the Care Continuum: What we measure and when? (Moderator), November 23, 2018, Going “PRO” in Alberta Conference, Calgary, AB

CANO/ACIO International Symposium: Working in Partnership within and Beyond Our Borders (Moderator) October 29, 2018, Canadian Association of Nurses in Oncology Annual Conference, Charlottetown, PEI

Integrating Digital PROs into Standard Ambulatory Care Processes: What is Meaningful? – Invited Presenter, October 11, 2018, Alberta PROMs and EQ-5D Research and Support Unit (APERSU) Annual Meeting, Edmonton, AB

Cultivating Person Centred Care Experiences: A Mutual Effort to Improve Outcomes for Patients and Families - Keynote Speaker, July 7, 2018, Lymphoma Coalition Annual Global Meeting, Prague, Czechoslovakia

Person–Centred Care is a Team Sport: How Patients, Oncology Nurses and the Canadian Cancer Society Can Team Up to Improve the Patient Experience and Outcomes– Panel Member, October 30, 2017, Joint Symposium with the Canadian Cancer Society, Canadian Association of Nurses in Oncology Annual Conference, Gatineau, QC

Back to the Future: Extending and Integrating the Continuum of Care by Integrating Early Palliative Care – Moderator, October 25, 2016, Joint Symposium with the Canadian Association of Psychosocial Oncology, Canadian Association of Nurses in Oncology Annual Conference, Calgary, AB

ii. Conference Presentations: Workshop Facilitation

Empowering oncology nurses through knowledge and practice to improve transitions post treatment and survivorship care: An interactive workshop, Feb 3, 2021, International Society for Nurses in Cancer Care Annual International Conference, Virtual

Empowering oncology nurses through knowledge and practice to improve transitions post treatment and survivorship care: An interactive workshop, October 24, 2020, Canadian Association of Nurses in Oncology Annual Conference, Virtual

Time for a change: putting evidence into practice (Full day workshop – Facilitator/speaker), June 19, 2019, Cancer Nursing Society of Australia Annual Congress, Melbourne, Australia.

Embedding Patient Reported Outcomes in Ambulatory Cancer Practice: A Change Management strategy for Scale and Spread of the PRO dashboards – Facilitator, November 23, 2018, Going “PRO” in Alberta Conference, Calgary, AB

Excellence in Oncology Nursing Leadership – A Hands on Workshop to Build Capacity to Lead Ourselves and Others – Facilitator, October 26, 2018, Canadian Association of Nurses in Oncology Annual Conference, Charlottetown, PEI

Situating Cancer Patient Navigation in the Family of Specialized Oncology Nurse Roles – Facilitator, October 27, 2018, Canadian Association of Nurses in Oncology Annual Conference, Charlottetown, PEI

Coming to a community near you! How you can facilitate a "Living Your Best With and Beyond Cancer" Survivorship Workshop – Facilitator, October 30, 2017, Canadian Association of Nurses in Oncology annual conference, Gatineau, QC

Addressing Cancer Related Fatigue in your Practice: Using an innovative Cancer Related Fatigue Self-Management Digital Video Series to Support Your Patients who are Fatigued – Facilitator, October 29, 2017, Canadian Association of Nurses in Oncology Annual Conference, Gatineau, QC

Oncology nursing and Navigation: Continuing the National Conversation to Forge a Path for Change – Facilitator, October 27, 2017, Canadian Association of Nurses in Oncology Annual Conference, Gatineau, QC

'PallOne': How the Synergy of Two Disciplines Can Optimize Outcomes for Patients and Caregivers in Cancer Care - Co-Facilitator with Reanne Booker, Allyson Nowell, Shari Moura, Oct 26, 2017, Canadian Association of Nurses in Oncology Annual Conference, Gatineau, QC

Clarifying Oncology Nursing Roles and their Impact on High Quality Cancer Care Workshop – Facilitator, October 24, 2017, Canadian Association of Nurses in Oncology (CANO) Annual Conference, Gatineau, QC

A National Conversation about Oncology Nursing Contribution to Navigation – Facilitator, October 23, 2016, Canadian Association of Nurses in Oncology (CANO), Calgary, AB

iii. Conference Presentation: Oral/Podium

Exploring routine Patient Reported Outcomes (PROs) in Oncology: Using a Symptom Complexity Score to Identify a Personalized Dose of Care, November 14, 2019, CANPROs: A Catalyst for Whole-Person Care, Calgary, AB

Integrating Digital Patient Reported Outcomes (PROs) into Standard Ambulatory Care Processes in Alberta: Exploring the OutcomeR, November 15, 2019, CANPROs: A Catalyst for Whole-Person Care, Calgary, AB

Putting Patients First: Integrating PROs into Ambulatory Oncology Clinical Practice, May 30, 2019, Canadian Association of Health Services Research (CAHSR) conference, Halifax, Canada

What's App Doc? Empowering Patients and Families with a downloadable Consult Recording App – October 29, 2018, Canadian Association of Nurses in Oncology (CANO) Annual Conference, Charlottetown, PEI

Integrating Digital Patient Reported Outcome (PRO) Reports into Standard Ambulatory Care Processes: What is Meaningful? – Co-Presented with Shelley Lawrence and Danielle Moch, October 29, 2018, Canadian Association of Nurses in Oncology (CANO) Annual Conference, Charlottetown, PEI

A Program Review: Exploring the Cancer Patient Navigator Role Within the Ambulatory Oncology Team – Co-Presented with Jennifer Anderson, Carol Robertson and Marlene Estabrooks, October 28, 2018, Canadian Association of Nurses in Oncology (CANO) Annual Conference, Charlottetown, PEI

Implementation of COSTaRS: The Alberta Experience – Co-Presented with Jennifer Anderson, Amanda McKinley, Liz Ross, Krista Rawson, October 27, 2018, Canadian Association of Nurses in Oncology (CANO) Annual Conference, Charlottetown, PEI

Understanding Cancer Patient Navigation: A Constructivist Grounded Theory – Co-Presented with Kristina Vimy, Shelley Raffin Bouchal, Shane Sinclair, October 28, 2017, Canadian Association of Nurses in Oncology (CANO) Annual Conference, Gatineau, QC

Harnessing Patient Experience Data to Optimize Clinical Care: A Tri-provincial Quality Improvement Collaborative - Co-presented with Deb Bulych, and Jill Sutherland, October 20th, 2016, Canadian Association of Nurses in Oncology (CANO) Annual Conference, Calgary, AB

Shifting Practice from “What is the Matter with You” to “What Matter’s to You”:
An innovative film curriculum to explore Screening for Distress with front-line clinicians - Co-presented with Mike Lang, October 23, 2016, Canadian Association of Nurses in Oncology (CANO) Annual Conference, Calgary, AB

Visualizing Nursing’s Contribution: An Electronic Approach to Capturing Provincial Navigation Workload Data - Co-presented with Jennifer Anderson, Sarah Champ, and Kristina Vimy, October 23, 2016, Canadian Association of Nurses in Oncology (CANO) Annual Conference, Calgary, AB

Aboriginal Cancer Patient Navigation: Moving Forward Together in Care – Co-Presented with Lori-Lee Kirkaldy, Sarah Champ, Jennifer Anderson, Carol Brzezicki, Oct 24, 2016, Canadian Association of Nurses in Oncology (CANO) Annual Conference, Calgary, AB

Collecting and Utilizing Patient Reported Outcomes Tri-Provincially: Using Data to Improve Patient Experience - Co-presented with Deb Bulych, and Jill Sutherland, May 12, 2016, Canadian Association of Psychosocial Oncology (CAPO) Annual Conference, Halifax, NS

iv. Conference Presentations: Poster

Exploring the use of Patient Reported Outcomes (PROs) Dashboard in the pre-clinic, clinic and post-clinic phase of cancer care: An evolving case study- Co-presented with April Hildebrand, Oct 24, 2020, Canadian Association of Nurses in Oncology Annual Conference, virtual.

Using Digital Patient Reported Outcome (PRO) Reports in Ambulatory Oncology Care: Establishing what is Meaningful – Co-Presented with Andrea DeLure, Louise Smith, October 18, 2018, Alberta Health Services Annual Quality Summit, Calgary, AB

What's App Doc? Transforming the consult experience for patients and families with an AHS Consult Recording App – Co-Presented with Patrick Curley, October 18, 2018, Alberta Health Services Annual Quality Summit, Calgary, AB

Implementing Cancer Patient Navigation: Enhancing Health System Effectiveness, Efficiencies and Patient Experience - Co-Authors - Jennifer Anderson and Jennifer Looyis, April 7, 2017, Canadian Partnership Against Cancer, Innovative Approaches to Optimal Cancer Care in Canada, Toronto, AB

Harnessing Patient Reported Outcomes to Optimize Clinical Care: A Tri-Provincial Quality Improvement Collaboration - Co-Authors Deb Bulych, Jill Sutherland, April 7, 2017, Canadian Partnership Against Cancer, Innovative Approaches to Optimal Cancer Care in Canada, Toronto, AB

Optimizing Collaboration between Cancer Care and Primary Care: Improving Post-Treatment Transitions of Care - Co-Authors Shelley Currie, Jennifer Looyis, Mike Lang, and Amanda Jacques, April 7, 2017, Canadian Partnership Against Cancer, Innovative Approaches to Optimal Cancer Care in Canada, Toronto, AB

Clinical Improvement: Collaborating to Improve Post-Treatment Transitions of Care for Albertans with Cancer - Co-presented with Jennifer Looyis, Shelley Currie, Mike Lang and Amanda Jacques, October 25th, 2016, Alberta Health Services 2016 Quality Summit, Calgary, AB

Implementing electronic collection and analysis of Patient Reported Outcomes (PROs) and reporting the data through a dashboard to patients, clinicians, and researchers to drive patient care and strategic decision making - Co-presented with Shannon Groff, Andrea DeIure, Louise Smith, Joy Fu, and Rie Tamagawa, October 25th, 2016, Alberta Health Services 2016 Quality Summit, Calgary, AB

Living Well Beyond Cancer: Improving Care Transitions, Post Cancer Treatment in Alberta - Co-presented with Amanda Jacques, Shelley Currie, Mike Lang, Jennifer Looyis, and Dellice Saxby, September 16, 2016, Canadian Association of Radiation Oncology (CARO) Quality and Safety in Radiation Oncology Annual Conference, Banff, AB.

VI. PUBLICATIONS in past five years 2016-2021

- Published (Peer Reviewed)

Bultz, B., Watson, L., Loscalzo, M., Kelly, B., & Zabora, J. (2021). From Foundation to Inspiration: Implementing Screening for Distress (6th Vital Sign) for Optimal Cancer Care – International Leadership Perspectives on Program Development. Accepted for publication by Journal of Psychosocial Oncology Research and Practice. In Press.
