

Social Impact Starter Series

This five-part workshop supports the development of essential soft skills and provides practical tools and insights for real-world impact.

Session 1: *Understanding your Challenge*

Learn how to effectively articulate your research or project's core challenge by crafting a compelling problem statement and setting the stage for impactful solutions.

Session 2: *Art of Storytelling*

Master the skill of genuine storytelling to convey your ideas in a way that resonates with diverse audiences.

Session 3: *Meaningful Connections and Sustainable Collaborations*

Discover strategies for building lasting reciprocal partnerships that enhance your work, expand your network, and lay the groundwork for community impact.

Session 4: *Public Speaking and Pitching*

Gain confidence with public speaking and polish your presentation skills to a wide range of audiences, whether in a formal setting or a casual conversation.

Session 5: *Share and Celebrate*

Join the celebratory networking event to share what you've learned, connect with fellow participants, and explore potential collaborations.
