

**Faculty of Nursing - Doctoral Program
Proposed Supervisor's Notice of Support**

*Applicant is to send this page **electronically** to the proposed supervisor.
This document can be sent directly to the Graduate Programs Office from the proposed supervisor.*

Name of Proposed Supervisor:

Name of Applicant:

Admission Session:

After meeting with the applicant, the proposed supervisor must complete the following checklist.

- ☐ I have unconditional supervisory status.
- ☐ The applicant's proposed research fits with advancing nursing practice.
- ☐ A plan of study has been discussed and I am confident the student can meet the 28-month (or 36-month exception) deadline for candidacy exam.
- ☐ I have discussed the three prerequisites to the Doctoral Program with the applicant and found that the applicant has met the equivalency of:
 - ☐ Quantitative Research Methods
Statistics (may be tied to a quantitative research course)
 - ☐ Qualitative Research Methods

Comments:

- ☐ I have discussed funding opportunities such as University scholarship competitions, Tri-Council funding or external funding.
- ☐ Expectations related to scholarship through co-authorship of conference presentations, manuscripts submitted to journals and papers from the doctoral thesis have been discussed.
- ☐ I am willing to provide continuous supervision for the applicant.
- ☐ Attach a letter to address the fit of the applicant's focus of research and your program of research and area of expertise. Also include any knowledge you have about the applicant's academic, research, teaching and language abilities. If there is a period when continuous supervision cannot be met, e.g., Research and Scholarship Leaves, please address how the supervision will be handled in the letter.
